

## Experience Cellular Cleanse Therapy

***Every day your body is under constant assault from an endless array of toxic encounters: in the air you breathe, the water you drink, even the food you eat. While your body does have cleansing abilities, sometimes the exposure to toxins is greater than it can keep up with.***

***Now there are ways to help cleanse harmful toxins from the inside of your body . . .***

### How it Works

The EB-305 instrument is designed to restore the body's energy and balance while facilitating it's natural detoxification process.

The EB-305 uses direct current to create an ionic energy fielding the foot bath similar to the energy produced by the human body . This energy is sub-threshold, meaning that the patient generally will not feel the treatment. The EB-305 creates energy by altering the electron and proton load in water to create an electromagnetic altered water environment. The patient places their feet in the "Bio energetic" water to receive the flow of appropriate ions. The energy flow from the EB-305 increases the body's energetics and attracts oppositely charged toxins.

This sub-threshold energy is very similar to micro current or cold laser therapy, both of which have been proven to increase and create more cellular ATP, more commonly known as cellular energy. This increase in cellular ATP allows the cells to work and detoxify at a higher rate. The ability to work at a higher rate enhances the cells to withstand stressors, both physical and chemical.

### Why it Works

The EB-305 is consistent with the Arndt-Schultz Law, which states: "weak stimuli excite physiological activity, moderately strong ones retard it, and very strong ones arrest it."

"Living organisms require a constant supply of energy. In cells themselves, this energy must be available in the form of ATP, but the organisms obtain energy from their environment in other, very different forms, such as oxygen, carbohydrates, light, etc. This means that living organisms must be able to efficiently convert energy into forms which are usable in the cell."

*- Helsinki Bioenergetics Group, Institute of Biotechnology, University of Helsinki, Finland*

### What You May Experience

Many people feel more energy, decreased swelling, decreased inflammation, and reduced pain. Almost everyone can benefit from EB-305 treatment, especially those with the following conditions:

- ◆ Pain
- ◆ Lymphedema
- ◆ Neuralgia
- ◆ Toxic Liver
- ◆ Swollen Joints / Arthritis
- ◆ Gout
- ◆ Allergies
- ◆ Edema / Swelling
- ◆ Headaches
- ◆ Toxic Bowel
